INTRODUCTION

**END STATE:
DELIVERY OF
EFFECTIVE
EMERGENCY
MANAGEMENT**

**AND THE NEED TO
MANAGE TRAUMA
MUST BE
EFFECTIVELY
ADDRESSED**

WHAT IS AN EMERGENCY ?

An event which, usually with little or no warning, causes or threatens to cause death, serious injury, serious disruption to essential services, the economy or critical infrastructure, significant damage to property or the environment, and which requires the activation of national resources to ensure an effective coordinated response and recovery.

- NATIONAL SECURITY
- POLICING AND PUBLIC SAFETY INFRASTRUCTURE
- ENERGY
- FOOD & WATER
- ICT
- FINANCE & FINANCIAL SERVICES
- TRANSPORT
- HEALTH
- PUBLIC ADMINISTRATION
- INDUSTRY

DISCUSSION: THE WAY AHEAD

SHOULD MALTA HAVE A NATIONAL
EMERGENCY SERVICE?

WHAT NATIONAL EMERGENCY STRUCTURE
SHOULD THE COUNTRY ADOPT?

HOW CAN TRAUMA MANAGEMENT ASSIST
THESE STRUCTURES TO DELIVER
EFFECTIVE RESPONSE AND RECOVERY?

THANK YOU
